## La Passerelle

Clichy-sous-bois

### **A vegetable processing plant**

Economic driver of the location, the plant contributes to the employability of local residents and promotes a more local, plant-based diet.

### **A daycare facility**

21 spaces to remove obstacles to employment for local people.

### **A training room**

Training programs delivered by a local provider for local residents.

### **A social space**

A program of activities intended for community residents and jointly managed by local stakeholders.

### **Impact**

20 jobs created

500 people benefiting from training workshops or a new employment path each year

A Sodexo initiative implemented in partnership with local community stakeholders
