

Sarosh Mistry

President North America

Sarosh Mistry is President North America and a member of the Group Leadership Team since 2019.

Sarosh joined Sodexo in 2011 as CEO Homecare North America and was then appointed Chair for Sodexo Homecare Worldwide in 2015. He has accepted new roles with greater scope of responsibility throughout his time with the organization and has been leading all Sodexo North America activities since 2019.

Sarosh is an active board member of SodexoMagic, a joint venture founded in 2006 between Magic Johnson Enterprises and Sodexo. SodexoMagic promotes social progress in underserved communities and empowers people to eat healthy food.

He also is an active board member for Sodexo, Inc.—the board that oversees Sodexo’s business in North America.

Prior to joining Sodexo, he held executive roles at Compass, Starbucks Coffee Company, Aramark and PepsiCo.

It is his personal priority to support organizations that provide professional resources and outlets to improve the lives of those who are struggling with mental illness or may not feel empowered to seek help and support. That is why he and his daughter co-founded a not-for-profit, Bundles of Care, which serves children who are in the foster care system and are likely dealing with the trauma of abuse, separation and emotional upheaval by providing them with a backpack filled with personal and useful items.

In addition, he sits on the board of directors of Active Global Caregiver, an organization providing senior care services in Asia, Pronep Life Services, providing skilled care services in Brazil, and Didi Hirsch Mental Health Services, a provider of free mental health, substance use disorder and suicide prevention in California.

Sarosh moved to the United States from Mumbai when he was just 17 years old. Having earned a scholarship to St. John University in Minnesota, he completed his BA in Business Administration, and his MBA at the University of California.

Sarosh is an American citizen. He speaks English and Hindi.
