

FOOD WASTE

NOT  
ON MY  
WATCH

**AT SODEXO,** our mission is to improve the quality of life in the communities we serve all around the world. Given our corporate footprint and food purchasing reach, fighting the global crises of climate change and hunger must be part of that mission. Sodexo is championing these efforts by reducing the amount of food that goes to waste on our watch.

Sodexo began developing its food waste prevention program, WasteWatch powered by Leanpath (WWxLP), over 10 years ago, and Sodexo groups have been deploying it at sites across the globe. These pilot studies confirm that WWxLP works: On average, Sodexo locations reduced food waste by 50%.

SODEXO IS COMMITTED TO  
DEPLOYING WWxLP AT:

**100%**  
of sites by  
**2025**

**3,000**  
sites globally  
in the next  
**12 MONTHS**

# OUR REASONS WHY

we committed to combating global hunger and climate change by implementing WasteWatch powered by Leanpath (WWxLP) as part of our daily operations at every food service location.

# IT'S IMPORTANT

## HUNGER AND CLIMATE CHANGE ARE A GLOBAL CRISIS

Did you know?

- 870 million people go hungry daily
- 1 in 7 Americans face food security
- 1/3 of the food produced globally goes to waste
  - Reducing food loss and waste is how we can ensure there is enough food for everyone.
- Climate change is already causing damage to communities across the globe
  - Efficiencies across the supply chain reduce the emission of greenhouse gases.

**870** MILLION  
PEOPLE  
worldwide go hungry  
**EVERY DAY**

**1/3** OF FOOD  
PRODUCED  
for human consumption  
GOES TO WASTE  
**EACH YEAR**

**FOOD WASTE**  
contributes to  
**CLIMATE**  
**CHANGE**

# IT'S RIGHT

## OUR GLOBAL PRESENCE REQUIRES GLOBAL LEADERSHIP

We serve:

- 100 million customers a day
- At 13,000 sites
- In 72 countries

WWxLP demonstrates our global leadership in pursuit of critical change.

Sodexo is committed to improving the well-being of those we serve by:

- Fighting hunger and malnutrition
- Reducing carbon emissions
- Championing sustainability

Addressing wasted and surplus food anchors corporate responsibility into our daily operations.

# IT'S SIMPLE

## WWxLP IS EASY, FUN, AND INSPIRING

WWxLP engages employees by:

- Providing education
- Aligning personal and corporate values
- Changing behavior at work and at home

It takes only 12 seconds to make a difference using Leanpath technology.

# IT'S EFFECTIVE

## WE MANAGE WHAT WE MEASURE

WWxLP:

- Identifies efficiencies
- Informs menus and operating procedures
- Provides effortless tracking and progress reports
  - Automated tracking provides real-time information for in-time solutions.
- Using Leanpath, Sodexo sites saw significant food waste reduction within three months
  - Most sites met the target reduction of 50 percent within a year.

**WWxLP**  
reduces food waste  
**BY 50%**  
**on average**

We are signatories to **Champions 12.3 (UN Sustainable Development Goal)** and **Champions 2030 (EPA)**, but our commitment surpasses these targets. We have committed to **reducing food loss and waste 50 percent by 2025** rather than 2030. We do so by:

**Collaborating** with clients and suppliers across the value chain for superior results

**Raising Awareness and Influencing the Behaviors** of our customers and employees

**Improving Processes** and upgrading equipment and systems to drive operational efficiency

**Measuring Our Impact** to determine where we can improve

**Sharing Our Expertise** to reduce food waste throughout our communities

We welcome the opportunity to assist you with reducing food waste in your operations – in pursuit of a better tomorrow!
