Valid from April 2019

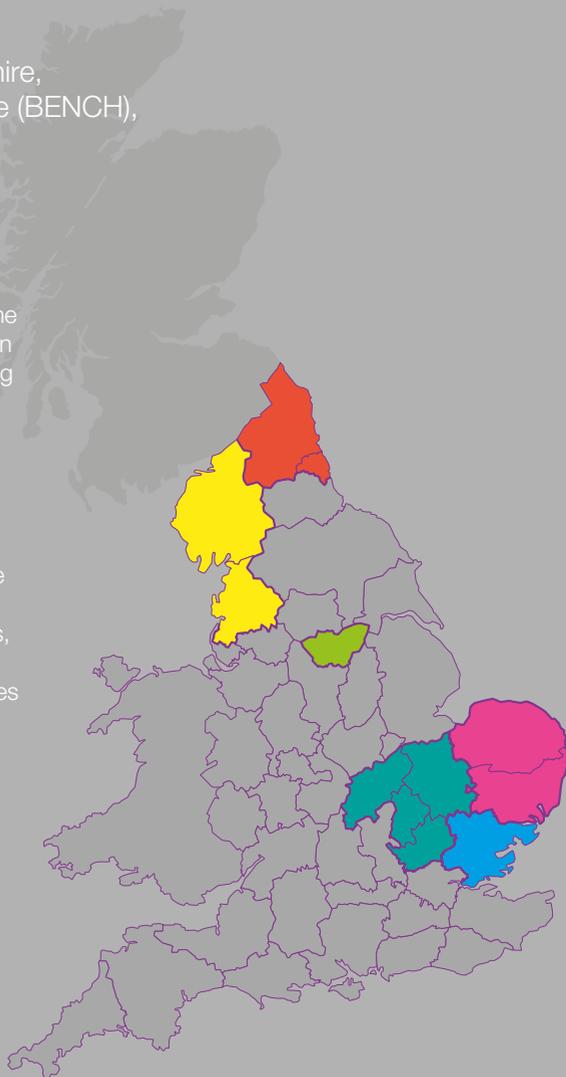

INTRODUCTION

As part of the Government's Transforming Rehabilitation programme Sodexo, in partnership with Nacro, were awarded ownership of six Community Rehabilitation Companies (CRCs):

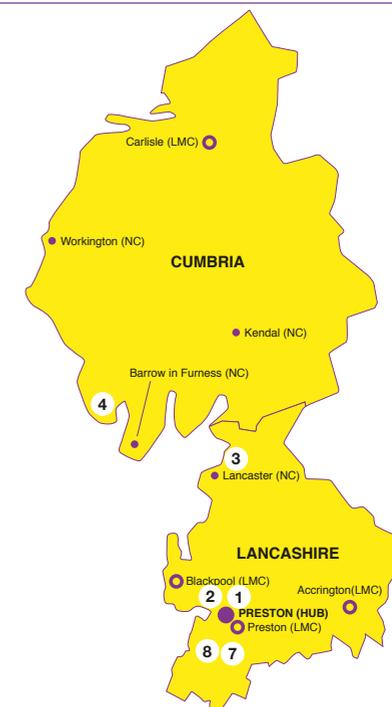

- Cumbria and Lancashire
- Bedfordshire, Northamptonshire, Cambridgeshire, Hertfordshire (BENCH),
- Essex
- Norfolk and Suffolk
- Northumbria
- South Yorkshire.

The introduction of The Rate Card is one of the many new elements of Probation Service delivery under the Transforming Rehabilitation programme.

Our purpose is and has always been to protect the public by delivering effective offender management and rehabilitation services. Our vision is to 'create a positive future' for the people we work with such as service users, victims and their families, communities, our partners and our employees. We do this by managing risk, changing lives and improving communities.

ABOUT CUMBRIA AND LANCASHIRE CRC

Our hub model acts as a 'nerve centre,' providing umbrella administrative support, head office and case management functions.

This streamlined approach supports operations and enables practitioners to spend more time directly working with the service users under their supervision.

For all Rate Card interventions, the hub in Preston acts as the first point of contact for queries, referral and acceptance and onward transfer of NSIs. Our hub monitoring and compliance team also track the delivery of interventions purchased by the NPS and out of area CRCs. The dedicated referral and query email inbox is clcrc.rate.card@probation.sodexogov.co.uk

OUR APPROACH

We review our Rate Card on a regular basis to ensure the offer meets the needs of our service user population and in advance of each review; we will continue to involve our NPS and out of area CRC colleagues to ensure customer feedback is incorporated.

Services are measured using assigned standards and/or key performance indicators. Accredited programmes follow the Correctional Services Accreditation Panel guidance and audit criteria which assure the accreditation framework is achieved, whilst unpaid work also follows the MOJ guidelines and also undergoes regular review to ensure placements meet the needs of our service users.

Our Rehabilitation Activity Requirement (RAR) services (Discretionary Services in this brochure) have been designed based on desistance principles which allow the service user to understand their strengths and develop an awareness of obstacles. We have a range of activities available which include for example, behaviour change courses and one to one support aimed at securing positive outcomes for accommodation.

In understanding the unit cost of services, as outlined in the brochure, it is important to recognise that the price is inclusive of ancillary costs incurred outside of direct delivery to service users including consumables, facilities, resources, staffing, logistics and administration.

To enable a swift escalation route for queries or issues there is a single point of contact allocated within Cumbria & Lancashire CRC. In addition to this if you have any feedback or would like to make a request for information regarding any aspect of our brochure please use the dedicated email box as given on page 30.

Our Operational Partners

A key element of the Transforming Rehabilitation programme is to promote the use of voluntary and third sector organisations in the delivery of interventions for service users

With this, Sodexo CRC's have commissioned a network of experienced organisations to deliver some of its services on its behalf. Largely drawn from third sector, operational partners were selected based upon their expertise, performance history and local knowledge. Partner delivery is measured and managed in the same way regardless of their intervention being delivered to a CRC or NPS retained person. Key performance indicators are attached to each of these services which allow the CRC to measure outcomes for service users and the quality of provision.

The CRC is responsible for the contract management and evaluation of our partner's activity. This will ensure we continue to meet the needs of offenders and maintain our effective relationships with prisons in providing successful resettlement services.

ABOUT THIS RATE CARD

This brochure contains information on each service that the CRC offers; this includes the geographical coverage, service highlights, cost and how to purchase. It outlines the universal Through the Gate offer available to all offenders and the 'fee for use' offer, namely services which are purchased by the NPS from the CRC.

The Rate Card is separated into the following parts:

NON-RESETTLEMENT PRISONS THROUGH THE GATE SERVICE

CRCs are contracted to provide Through the Gate (TTG) services in resettlement prisons to support prison leavers as they move from custody to community. CRCs are responsible for delivering these services to all service users (both CRC and NPS) who are in custody at a resettlement prison.

However, for the CRC to be able to provide this support in a non-resettlement prison, the service users Offender Manager (OM) must instruct the resettlement service using the NSI instructions outlined below.

Our TTG service introduces a tiered approach in the delivery of support. This enables us to address the resettlement needs of each person as well as providing tailored support for those who have more personal and complex needs.

Service Offer

At least 15 weeks before release, the offenders OM must notify the CRC (through the NSI structure below) of the planned release and from this, the CRC resettlement staff will meet with the prisoner to review their resettlement plan.

The CRC will agree with the offenders RO what resettlement activity is required. Work will then commence to provide the support they need in preparation for release back into the community. This support will include;

Assessment and Sign Posting. Review of resettlement plan, identification of ongoing need and signposting of support.

Resettlement Intervention. Support to address specific resettlement needs pre-release. Activity will reflect need, additional complexity and vulnerability and will fall under the following resettlement pathways;

1. Accommodation
2. Employment, Training and Education (disclosure advice & sustaining employment only)
3. Finance, Benefit and Debt
4. Personal, Relationships and Community
5. TTG Supporting Activity for vulnerable and chaotic groups
6. Extra Support for victims of domestic abuse and sexual exploitation.

After release support can continue whilst the offender is on licence or subject to post sentence supervision as this approach contributes to managing risk of harm and protecting victims by giving each person the best opportunity to live a crime-free life after leaving prison. More information about the CRCs community support offer can be found in this brochure.

If there are no non-resettlement prisons located within your area and a service user is being released from an out of area non-resettlement prison, services can be requested from the CRC so that support can continue post-release in the community.

As above, please use the NSI instructions below for resettlement services.

COMMUNITY PAYBACK

Community Payback is a “punishment” requirement available to the Court whereby the service user completes unpaid work activity for the benefit of their local community. Unpaid work is supervised by CRC staff, trained in Health and Safety and First Aid. Individual placements are often supervised by beneficiary staff with responsibility for supervising other staff at the placement. Initial assessment will determine the most appropriate placement in terms of meeting the needs of the service user. Typical placements include; conservation and environmental work; safer communities work; painting and decorating and charity support.

Duration

The Requirement is set in hours with a maximum being 300 hours. Community payback can be delivered in groups or through individual placements depending on individual assessment.

Service Highlights

- Up to 20% of the ordered hours can be used to pursue educational outcomes, as instructed by the responsible officer.
- Increased public confidence in the criminal justice system.
- Service users learn new practical life skills to support reducing re-offending.
- Material benefit to communities through improved environments and increased public safety.

How to request this service

Unpaid work is not an NSI. The NPS RO need to transfer the requirement to the CRC as the provider.

COMMUNITY INTEGRATION INITIAL ASSESSMENT AND PLANNING

We have developed a single holistic community integration service initial assessment which aims to assess the specific needs relating Accommodation, Employment, Training and Education and Finance Benefit and Debt.

Following the assessment, feedback will be provided directly to the service user's offender manager, which will identify the suggested level of intensity attached to each of the pathways outlined above (where they apply).

Service users will only require one initial assessment, this will allow quicker access to support and avoid the need to duplicate. Therefore, it is essential before referring to Accommodation, Employment, Training and Education and Finance Benefit and Debt, the Assessment and Planning NSI is instructed in the first instance.

Service Highlights

- One single holistic assessment, which allows access to Accommodation, ETE and FBD Support.
- Support to identify needs, discuss options and offer early advice and information relating to the pathways.
- Development of a clear plan which sequences support depending on where most impactful issues apply relating to the pathways.

Duration

Assessment – up to 1.5 hours.

VALUES, ATTITUDES AND BEHAVIOUR (HATE CRIME)

Developed by CRC staff in 2016 and specifically reviewed for Cumbria & Lancashire in 2017, this RAR is intended to prompt discussion, exploration and reflection of feelings and how these impact on behaviour. It uses a desistance approach in line with other RARs. In 2007 the criminal justice agencies agreed to monitor five 'strands' of hate crime: Disability, Gender identity, Race, Religion/faith, Sexual orientation. Crimes based on hostility to other personal characteristics, can also be hate crimes. The intervention is intended to be used with those who exhibit hate based behaviours and attitudes, whether an offence of hate crime has been committed, or not.

Programme content:

- Who am I and where am I from? – The aims of this session are to explore where values, attitudes and beliefs come from, and how they have influenced behaviour.
- My attitudes and perceptions – The aims of this session are to explore perspectives, stereotypes and views about individuals or groups, how they are formed and where they come from.
- Role models and judgements – To explore role models who are from a minority group or different from the service user. Consider the experience of being subject to an untrue or unfair judgement/perception.
- My values and beliefs and the impact on my victim(s) – this session is specifically for those who have committed a hate crime.

Service Highlights

- Promotes an understanding of related strengths.
- Developing an awareness of obstacles and barriers to change and promoting individual motivation and self-belief.

VICTIM AWARENESS (THINK VICTIM)

The victim awareness programme encourages participants to develop empathy for the victims of their offence. This enables the SU who inflicted 'harm' to understand the direct and indirect impact of their offence on the victim and the wider community. This work can be used as a precursor to direct or indirect Restorative Justice and/or more in depth work on criminogenic attitudes, beliefs and behaviours. Can be delivered as part of RAR or Licence activity.

Service Highlights

- Enables the participant to develop empathy for victims.
- Identify patterns in previous offending behaviour so that future behaviour can be managed.
- Assists with enabling the SU to understand the impact of their offence on themselves, their communities and others.
- Encourages the SU to take responsibility of their actions.
- Ability to reason and think rationally/improved people skills.
- To apply new and existing thinking skills to achieve pro social goals that support relapse prevention.
- Develop a physical and psychological insight into the impact of their offence.
